## **COLLEGE DESCRIPTION**

## PURPOSE

The College of Boy Scouting program is designed to have a Scouter learn through a series of training classes, followed by work experiences, to ensure a quality program throughout Scouting. This training will take a number of years to complete. The adult Scouter finalizes his or her training with an approved thesis or project for the benefit of the Scouting program. This assists both new Scout leaders as they learn, and seasoned commissioners as they train others.

“ I had stipulated that the position of Scoutmaster was to be neither that of a schoolmaster nor of a commander Officer, but rather that of an elder brother among his boys, not detached or above them individually, able to inspire their efforts and to suggest new diversions when his finger on their pulse told him the attraction of any present craze was wearing off. ”

— Robert Baden-Powell, *Lessons from the Varsity of Life*, 1933

A well-trained adult leader better serves the Scouting program and...

**‘Every Scout Deserves a Trained Leader.’**

## ORGANIZATION

The Tri-Council University of Scouting is a standard four-year curriculum with leadership and skills training for adult unit leaders and unit committee staff. These courses cover focused topics and are intended as supplements to the comprehensive Wood Badge course completion.

The College offers four degree program levels:
